**In the claim:**

**Reasons for allowance:**

The following is an examiner's statement of reasons for allowance: the prior art does not teach all limitations of the claimed invention including:

- forming a first mask covering regions corresponding to portions of the conduction electrodes, and having apertures in the conduction electrode forming regions excluding the portions and in the exciting electrode forming regions;
- removing the first noble metal layers exposed from the apertures, each of the electrode patterns in the exciting electrodes comprising the under metal layer, each of the electrode patterns in the conduction

electrodes comprising the under metal layer and each of the electrode patterns in the portions comprising the under metal layer and the noble metal layer;

Accordingly, claims 1-7 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
